Please join CNS and SFNS for a fascinating 3 day program! The program

EVENT HIGHLIGHTS

"Neurology of Empathy and Cruelty"

Bruce Miller, MD - Director

UCSF Memory and Aging Center

Saturday, November 4, 2017 8:05 - 8:55am

Dr. Miller holds the A.W. and Mary Margaret Clausen Distinguished Professorship in Neurology at the University of California, San Francisco (UCSF). He directs the busy UCSF dementia center where patients in the San Francisco Bay Area and beyond receive comprehensive clinical evaluations. His goal is the delivery of model care to all of the patients who enter the clinical and research programs at the UCSF Memory and Aging Center (MAC).

Dr. Miller is a behavioral neurologist focused on dementia with special interests in brain and behavior relationships as well as the genetic and molecular underpinnings of disease. His work in frontotemporal dementia (FTD) emphasizes both the behavioral and emotional deficits that characterize these patients, while simultaneously noting the visual creativity that can emerge in the setting of FTD. He is the principal investigator of the NIH-sponsored Alzheimer's Disease Research Center (ADRC) and program project on FTD called Frontotemporal Dementia: Genes, Imaging and Emotions. He oversees a healthy aging program, which includes an artist-in-residence program. He helps lead two philanthropy-funded research consortia, the Tau Consortium and the Consortium for Frontotemporal Research, focused on developing treatments for tau and progranulin disorders, respectively. Additionally, he co-directs the Global Brain Health Institute, which works to reduce the scale and impact of dementia around the world by training and supporting a new generation of leaders to translate research evidence into effective policy and practice. Dr. Miller teaches extensively, runs the Behavioral Neurology Fellowship at UCSF, and oversees visits of more than 50 foreign scholars every year.

Dr. Miller has received many awards, including the Potamkin Award from the American Academy of Neurology, the Raymond Adams Award from the American Neurological Association, the Gene D. Cohen Research Award in Creativity and Aging from the National Center for Creative Aging, the UCSF Academic Senate Distinction in Mentoring Award and the Wallace Wilson Distinguished Alumni Award from the University of British Columbia. Dr. Miller is the current President of the International Society for Frontotemporal Dementias (ISFTD), and in 2016, he was elected to the National Academy of Medicine. He has authored *The Human Frontal Lobes*, *The Behavioral Neurology of Neurology*, *Frontotemporal Dementia* and over 700 other publications regarding dementia. He has been featured in *Fortune* magazine and the *New York Times*, as well as on *Charlie Rose*, *PBS NewsHour* and other media. For more

than three decades, Dr. Miller has been the scientific director for the philanthropic organization The John Douglas French Alzheimer's Foundation, a private philanthropic organization that funds basic science research in Alzheimer's disease.

Preliminary Agenda:

THURSDAY, November 2, 2017

The CNS Neurocardiology Conference

CME: 5.7 AMA PRA Category 1 Credits TM

7:30 - 8:30am Registration and Breakfast in EXHIBIT HALL

8:30 - 8:40am Welcome & Logistics - Erik Perkins, MD, FAAN - CNS President

8:40 - 9:30am Vascular Risk Factors

9:30 - 10:20am Intimal & Vascular Abnormalities

Mikayel Grigoryan, MD - Medical Director of Neurointerventional Program
Adventist Health Glendale, Comprehensive Stroke Center, Glendale, CA

10:20 - 10:50am COFFEE BREAK in Exhibit Hall

10:50 - 11:40am Acute Stroke Treatment

David Bonovich, MD - Neurologist, Sutter Health

11:40am - 12:00pm PANEL DISCUSSION

12:00 - 1:40pm LUNCH ON YOUR OWN - Exhibit Hall OPEN

1:40 - 2:30pm Congenital Cardiac Defects and Stroke

Vaikom Mahadevan, MD - Interventional Cardiologist, UCSF

2:30 - 3:20pm Cardiac Arrhythmia Interface with Neurology

Steven Kang, MD - Director, Cardiac Electrophysiology

Alta Bates Summit Medical Center, Oakland, CA

3:20 - 3:50pm COFFEE BREAK in Exhibit Hall

3:50 - 4:40pm Therapeutic Hypothermia & Targeted Temperature Management After Cardiac Arrest

Anna Finley Caulfield, MD - Neurologist, Stanford University

4:40 - 5:00pm PANEL DISCUSSION

5:00 - 7:00 pm DEAN'S RECEPTION with wine and hors d'oeuvres

"ROLE OF NEW MEDICAL SCHOOLS"

with Dr. Scheinman, MD, President and Dean

Geisinger Commonwealth School of Medicine

8:00 PM - SHOW: "MY STROKE OF LUCK"

www.dianebarne415.com

- Limited tickets available.

- Register through the conference site.

Meet Diane Barnes, MD, the physician author/actress after the show

California Neurology Society NeuroCardiology Conference

Location: Marsh Theater SF, 1062 Valencia Street

FRIDAY, November 3, 2017

CME: 3 AMA PRA Category 1 Credits TM

8:00 - 9:00am Registration, Breakfast, Poster Session in EXHIBIT HALL

9:00 - 9:30am Welcome Remarks and Awards for Poster Presentations

Erik Perkins, MD, FAAN - CNS President

9:30 - 10:30am Practicing Neurology in 2017

Speakers TBD

10:30 - 11:00am COFFEE BREAK in Exhibit Hall

11:00 -11:30am CNS Society Business

Erik Perkins, MD, FAAN - CNS President

11:30am -12:00pm MOC & Legislation

Robert Weinmann, MD - CNS Legislative Chair

12:00 -12:30pm CNS Legislation & Advocacy

Steve Cattolica - CNS Executive Director

12:30 - 2:00pm LUNCH ON YOUR OWN or Possible Lunch Talk TBD

2:00 - 2:50pm Stroke Chameleons & Mimickers

George Sarka, MD, DrPH - Neurologist, UCLA, CSMC, CSUN

2:50 - 3:40pm Neurologic Complications from Cardiac and Carotid Surgery

William Coplin, MD - Director of NeuroIntensive Care, Mercy Hospital, Buffalo, NY

3:40 - 4:10pm COFFEE BREAK in Exhibit Hall

4:10 - 5:00pm NeuroCardioSOMNOLOGY

Richard P. Knudsen, MD, FAASM - Pacific Sleep Technology, Aiea, Hawaii

5:00 - 5:30pm PANEL DISCUSSION

5:30 - 6:30pm California Neurology Society & San Francisco Neurological Society

Presidents' Reception

Erik Perkins, MD, FAAN - CNS President & Gordon Li, MD - SFNS President

SATURDAY, November 4, 2017

San Francisco Neurological Society 4th Bi-Annual Full-Day Dementia Symposium

CME: 7.8 AMA PRA Category 1 Credits TM

7:00 - 8:00am Registration and Breakfast in EXHIBIT HALL

8:00 - 8:05am Welcome Remarks

Eric Collins, MD - Program Chair

8:05 - 8:55am Neurology of Empathy and Cruelty

Bruce Miller, MD - Director, UCSF Memory and Aging Center

8:55 - 9:45am Current State and Direction of Therapy Trials

Frank Longo, MD - Chair, Stanford Department of Neurology

9:45 - 10:15am COFFEE BREAK in Exhibit Hall

10:15 - 11:05am Treatment of Psychiatric Symptoms in Dementia

Jason Caplan, MD - Chair of Psychiatry at St. Joseph's Hospital & Medical Center

11:05 - 11:55am Update on Chronic Traumatic Encephalopathy

Gil Rabinovici, MD- Neurologist, UCSF Memory and Aging Center

12:00 - 1:00pm POSSIBLE LUNCH TALK hosted by SFNS

1:00 - 1:30pm COFFEE BREAK in Exhibit Hall

1:30 - 2:20pm Alcohol and Dementia

Edith Sullivan, PhD - Professor of Psychiatry and Behavioral Sciences, Stanford

2:20 - 3:10pm White Matter and Dementia

Tom Montine, MD - Chair, Department of Pathology, Stanford

3:10 - 3:40pm COFFEE BREAK in Exhibit Hall

3:40 - 4:30pm The Young-onset Dementia Patient

Speaker TBD

4:30 - 5:20pm Non-Alzheimer's Dementias

Howard Rosen, MD - Neurologist, UCSF Memory and Aging Center

5:20 - 5:30pm Panel Discussion

5:30pm Adjourn

Aird Professorship Lecture
Thursday, November 16, 2017
5:00pm to 6:00pm - Reception
6:00pm to 7:00pm - Lecture
Genentech Hall, Auditorium
600 16th St, San Francisco, CA 94158

This year's Aird Visiting Professor of Neurology will be Walter Koroshetz, MD.

Walter Koroshetz is the Director of the National Institute of Neurological Disorders and Stroke (NINDS). He works to advance the mission of the Institute, to improve fundamental knowledge about the brain and the nervous system, and to use that knowledge to reduce the burden of neurological disorders. He joined NINDS as the Deputy Director in 2007. Before coming to NIH Dr. Koroshetz was a Harvard Professor of Neurology, Vice Chair of Neurology at the Massachusetts General Hospital, director of Stroke and Neurointensive Care, and a member of the MGH Movement Disorders clinic. His research activities spanned basic neurobiology to clinical trials. He directed Neurology training at MGH for 16 years. A graduate of Georgetown University and University of Chicago Medical School Dr. Koroshetz specialized in Internal Medicine and Neurology.

2018 SAN FRANCISCO NEUROLOGICAL SOCIETY 70th ANNUAL MEETING

MARCH 23-25 • NAPA, CA • DETAILS COMING SOON!

SFNS 70th Annual Meeting

March 23-25, 2018

Silverado Resort, Napa, CA

Additional details coming soon!

Membership Dues Reminder

The purpose of the San Francisco Neurological Society is to increase, improve and disseminate knowledge of the nervous system and to improve the practice of neurology and neurological surgery within the area of the Society's influence.

Please join us for the first time or renew your SFNS membership if you have not already; your support is appreciated.

Be sure to enroll in auto-renewal to simplify your life and prevent any disruption in your membership status.

If you have not yet renewed your membership NOW IS THE TIME!
Simply [CLICK HERE](#) to renew!
